MEMORANDUM FOR: Director of Finance
PROM: Bruce T. Johnson
Chairman, Fine Arts Commission
SUBJECT: Designation of Members of the Headquarters Annex Committee

1. The Fine Arts Commission (FAC) is most often identified with programs involving the Headquarters Building, but it has always had an interest in the other buildings in the Washington area occupied by CIA. The Headquarters Annexes Committee of the FAC was established to help focus this interest and ensure that personnel and managers in the annexes have ready access to the Commission. The committee is currently chaired by

2. It is important to us to have representatives on the Annexes Committee who are interested in the task of creating and maintaining a work environment of which we can be proud, one that encourages communication and production and contributes to employee morale. It is equally important that each committee member have the active support of a senior manager resident in his/her building.

3. In an effort to revitalize the work of the Annexes Committee, we would like to ask you to designate someone from your office to represent the Key Building on that committee. The candidate should be interested in improving the appearance of the building and have a reasonable amount of time to devote to the work of the committee.

4. If you do not now have a committee which addresses environmental functions in your building, you may wish to consider designating a few additional interested persons to work with the Annexes Committee member and assist him/her. These people would become, in effect, a mini-FAC focusing on the particular problems and opportunities to be found in your building. Whether such a committee already exists or is established in the future, we should seek to create a link between it and the person you designate to be a member of the FAC Annexes Committee.

5. I attach a description of all of the PAC working committees to give you an idea of the range of our activities. If you have any questions regarding this program, please call me on extension 4011. When you have selected your candidate, it would be helpful for us to receive a little background data describing the person's interests and qualifications.

6. I am taking the liberty of sending a copy of this memorandum to the Director, Foreign Broadcast Information Service so he may be aware of our request and have an opportunity to suggest candidates to you.
